EJ-500 EXPANSION JOINT

Is an article as defined by the Federal Hazard Communication Standard, CFR 1910.1299 therefore; no Material Safety Data Sheet is required on this product.

An article is defined in paragraph (c) as follows: (c) Definitions. "Article" means a manufactured item: (i) which is formed to a specific shape or design during manufacture; (ii) which has end use function(s) dependant in whole or in part upon its shape and design during end use; and (iii) which does not release, or otherwise result in exposure to, a hazardous chemical, under normal conditions of use

If additional information is needed, please contact our office.

Sincerely,

A handwritten signature in cursive script that reads "David Barnes". The signature is written in black ink on a white background.
