

The Jimmy Carter Work Project: 1996 – Vac, Hungary

A Dow team from 11 countries in Europe constructed a Dow-sponsored house at the JCWP in Vac, Hungary. Dow also provided all of the insulation for this build. In 1996, Dow made a two-year commitment (1996 – 1997) for \$550,000 (U.S.) worth of material donations and house sponsorships.
